RDR Receives 2nd Two Mauds Grant

We are truly honored to have been selected to receive a second \$10,000 spay/neuter grant from Two Mauds, Inc. Our first grant resulted in the free spay/neuter of 126 Pitties and Hounds in Rockbridge County. We also provided a rabies shot at the time of surgery. In addition, many dogs received other needed medical treatment, such as dental work and deworming.

RDR Provides Transportation Assistance

Another service we provide to the rescue community is transportation assistance to animals travelling to other states. Many dogs travel hundreds of miles to reach their new lives, and we can give these pups a lift to get them there!

There are many quality volunteer transport groups who need as much help as they can get! Look online if you are interested in helping, or give us a shout!

Willow, a transport passenger in January.

Since 2010:

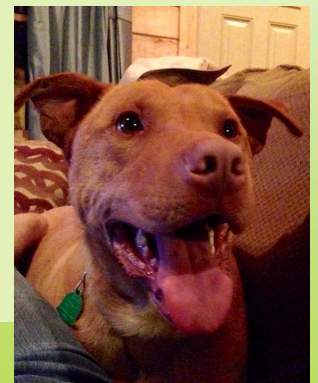

- 360 local dogs have been spayed/neutered
- 4300 pounds of dog and cat food have been distributed to needy families
- 76 dogs have found loving homes

Thanks for your support, which makes it all possible!

Giving Buddy a Helping Hand

We saw a desperate plea for a foster for Buddy, a Lab mix boy who was travelling from Tennessee to his new home in Maine! He needed a place to stay for a few days while his final transportation was arranged. Buddy stayed with us for a week and is now in his new home, where he will receive treatment for heartworms.

We were happy to help you, Buddy!

RDR Update—Danny & Oliver (rescued from a WV shelter)

“Just wanted you to know that Danny and Oliver are doing well as happy members of our family. They have very different personalities and act like true brothers in every way. Danny has made great progress from the shy timid dog that he was to the ‘big brother’ in the relationship. They both give and receive a lot of love every day. We can’t imagine life without them (and how boring and empty it would be).

Thank you for bringing them into our lives.”

Critical Care Fund Started

As we expand our innovative and much-needed community assistance programs, we have started a Critical Care Fund. The purpose of this fund is to assist local families with unexpected vet bills due to catastrophic illness or injury. The first dog we assisted was a little Lab girl who was severely injured and had a leg amputated. Our

current CCF beneficiary, Maxine, is having hip joint surgery following being hit by a car. Once Maxine has recovered from surgery, we will cover her spay. RDR continues to make strides to assist the dogs in our community!

Upcoming Events

Pizza for Pets

March 25, 2015

Lexington Domino's

Order carryout or delivery and mention RDR. We will receive a 15% donation!

Bistro on Main

Join us for a cocktail hour, entertainment, and a three course dinner to benefit the spay/neuter programs of RDR and Cats Unlimited.

**8 North Main Street
(540) 464-4888**

Adopt me—Clyde!

Clyde is a precious boy who was picked up as a stray and taken to a rural shelter. Shortly after his arrival, Clyde became ill with a respiratory infection and possibly pneumonia. He is currently on strong antibiotics as we work closely with our vet to restore Clyde to good health.

He is about 1 & 1/2 years old, neutered, crate trained, up to date on shots, good with other dogs, good with cats and everyone he meets! He will be available for adoption as soon as he is well.

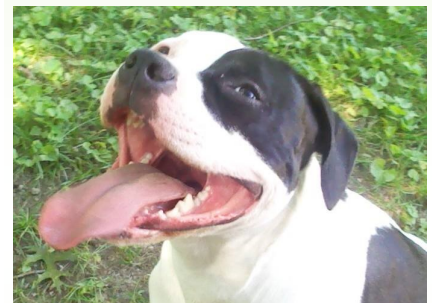

Pack Profiles—Allie Bell

Allie was rescued by us as a young puppy who had run out of time in the shelter. She was adopted in 2011 and was living life as a treasured pet in a loving home.

Allie's Dad Brian, who had some medical issues when we met him, provided the perfect home for Allie. She was such an important part of his world and we know that he meant everything to Allie. His health deteriorated further and Brian asked if Allie

could stay with us while he tried to recover. We were happy to do so, and looked forward to the day when they were reunited.

Sadly, Brian passed away. Out of friendship and respect for Brian and our love for Allie, we decided to make her

a sanctuary dog so she can live out her life in the only other home she has ever known.
